Term 2

SCIENCE 12- TERM TWO RESEARCH PAPER

Goal: to further your understanding of an area of science (biology, chemistry, geology or physics) and its application to daily life.

Instructions: Choose a topic in one of the areas of focus below and write a research question. Research the answer to your question. Then write a multi-paragraph composition of 500-700 words. Your paper should explain the science behind the topic. You must cite your sources in APA style both in text and on a References list.

Areas of Focus: Industry, Products, Technology & Materials

Potential ideas to start your brainstorming....

- Environmental Impact (Ecology, Conservation, Pollution, Climate Change, Renewable Energy)
- Medical Technology (Radiation, Imaging, Sight, Prosthetics)
- Industry (Forestry, Oil Industry, Fuel Cells, Biotechnology, Mining)
- Chemical Products & Safety (Laundry & Cleaning supplies, Paints, Glues, Construction Products)
- Synthetic Materials (Polymers, Plastics, Artificial Turf, Vinyl, Polyester)

This paper will be due in stages as follows:

Stage 1: Declare your topic by the end of the 1st research class

Stage 2: Submit your outline to the Libguide “Link to submit Term work”

Stage 3: Submit your final paper both electronically to Managebac through the Libguide “Link to submit Term work”. Submit a hard copy to your teacher

Late papers will not count towards Term 2 Report Cards.

You will be held to the highest standard of academic honesty. You must submit original work. You must use APA style to cite all words and ideas that are not your own.

Questions: See the Teacher Librarians (Ms Davis and Ms Tieche)
