How to use Follett Destiny One Search

1) Go to Carson Graham’s One Search Page using the Library Website:

2) Enter your search terms in the “Find” bar:
3) The first set of results that will appear are from the Library collection (the books that we have). To access the online databases, click on the button that says “One Search”.

4) In one search, several different research databases will appear. We recommend ERIC (Education Resource Information Center) for all your academic needs.
5) Several articles will appear, choose the ones that best suit your research question.
